

DJ Contract for Mary Blendermann

Name of event/scene:	
Organizer name (“you”):	
Organizer email address:	
Date(s) of event:	
Location (city, state):	

This contract says that I (Mary Blendermann) will DJ (curate and play recorded music) at your event if you provide me with all of the information below and ensure that the following conditions are met.

What you agree to provide

1. The DJ booth must consist of a DJ table whose surface is a minimum of 18 by 36 inches in size and at least 29 inches off the ground, and a chair with a back whose seat is at least 17 inches off the ground. When sitting in the chair, I must be directly facing the dance floor.
2. An available AC power outlet must be located within 36 inches of the DJ table surface. A power strip that sits on the table surface is preferred.
3. A speaker system with a 3.5mm aux cable and a mixer that has a main volume knob must be provided. The mixer must be located on the DJ table.
4. A sign must be located on the DJ table that reads in all-capital boldface minimum 72-point font, “NO DRINKS ON THE DJ TABLE.” An example of such a sign is attached to the end of this contract for reference.
5. The DJ booth, power outlet, speakers, mixer, and sign must be set up, plugged in, and ready to go 15 minutes before the start time of each of my sets.

By signing this contract, you acknowledge that if the above conditions are not met, I will either a) not play the set at all or b) wait to start playing music until all of the conditions are met.

Details about my sets

You must complete the table below for each set that I will DJ. Band breaks for one band or trading with one or more other DJs each count as one set. If you are hiring me for more than one set, copy the table below and provide details accordingly.

Start time:	
End time:	
Location (street address and building name):	
Type of music:	
Other notes (band breaks, trading, concurrent music, etc.)	

Notes:

1. *“Type of music” is very broad, but it helps me a lot to know what you are going for. “Party starting bangers” is a really different vibe from “slow and gentle jazzy stuff.”*
2. *“Trading” means that one or more other DJs are also connected to the speaker system and we are taking turns playing one or more songs at a time. If I am booked for a trading set, you have to tell me who the other DJ(s) are and how many songs we will each play at a time.*
3. *“Concurrent music” means that if there will be any other rooms open at the same time with different music being played, you have to tell me where they are (if we will share a wall, for instance) and what kind of music they will have.*

How much you agree to pay me

- My standard rate is \$50 per hour for national events, exchanges, workshop weekends, or any event with more than 50 attendees.
- I offer a \$30-50 per hour sliding scale option for local scenes who want their dancers to enjoy great music but may not have the budget for my standard rate.
- I charge a \$10 snack fee on top of my standard rate for each set that is longer than 90 continuous minutes of music.

If the amount of time I actually play music is different from what this contract says I was scheduled to play, I must be compensated for the amount of time I actually played music based on our agreed-upon per-hour rate.

My fee must be paid to me in US dollars within 48 hours of my last set on the schedule described above. I accept cash, check, Paypal, or Venmo. I will provide payment details upon request.
